

# HAND TOOLS

ECHO's hand tools are the perfect complement for any yard task. Their ergonomic design will make pruning, lopping, or chopping a breeze. Quality materials like high-carbon steel or stainless steel blades and low-moisture, end-grain hickory wood handles ensure you're getting a professional-grade tool.

**Limited  
Lifetime  
Warranty**

## HP-42

### PRECISION HAND SNIPS

Precision snips for harvesting and pruning plants, herbs, stems and buds.

- Lightweight composite handle
- Stainless steel blades resist corrosion
- Heavy-duty spring reduces hand fatigue
- Easy-to-close blade locking clasp for right- or left-handed use

Cutting Capacity (in.).....**Up to 1/2**  
Blade Type.....**Stainless Steel**  
Handle Grip ....**Non-slip Rubber Grip**

## HP-44

### BYPASS PRUNER

Adjustable grip bypass pruner with shock-absorbing design for more comfort while pruning.

- Lightweight composite handle with rubber overmolded grip for comfortable control
- Adjustable cutting range - easily select large or small grip
- Low-friction coated blades provide smooth cuts when trimming and shaping
- High carbon steel for superior blade durability

Cutting Capacity (in.)..... **Up to 1**  
Blade Type.....**High Carbon Steel**  
Handle Grip .....**Rubber Overmold**

## HP-43

### BYPASS PRUNER

Bypass pruner with shock-absorbing design for more comfort while pruning.

- Lightweight composite handle with rubber overmolded grip for comfortable control
- Gear technology increases cutting power by 3x
- Low-friction coated blades provide smooth cuts when trimming and shaping

Cutting Capacity (in.).....**Up to 5/8**  
Blade Type.....**High Carbon Steel**  
Handle Grip .....**Rubber Overmold**

## HP-62

### PRO BYPASS PRUNER

Pro series bypass pruner with contoured design for more comfort in heavy cutting applications.

- Heavy-duty, lightweight aluminum handles
- Ergonomic design fits the shape and natural motion of hand for comfortable and extended daily use
- Low-friction coated blades provide smooth cuts when trimming and shaping
- High carbon steel for superior blade durability

Cutting Capacity (in.)..... **Up to 1**  
Blade Type.....**High Carbon Steel**  
Handle Grip .....**Ergonomic**

# HA-2710

## ANVIL LOPPER

Anvil lopper with blunt design for pruning dead branches.

- Gear technology increases cutting power by 3x
- Low-friction coated blades prevent corrosion while providing smooth cuts
- High carbon steel for superior blade durability
- Lightweight, long-reach, heavy-duty aluminum alloy handles

Cutting Capacity (in.).....	<b>2.25</b>
Blade Type.....	<b>High Carbon Content</b>
Blade Length (in.).....	<b>3.5</b>
Overall Length (in.).....	<b>32.5</b>

# HA-2720

## BYPASS LOPPER

Bypass lopper with scissors design for pruning live wood.

- Gear technology increases cutting power by 3x
- Low-friction coated blades prevent corrosion while providing smooth cuts
- High carbon steel for superior blade durability
- Lightweight, long-reach, heavy-duty aluminum alloy handles

Cutting Capacity (in.).....	<b>2.25</b>
Blade Type.....	<b>High Carbon Content</b>
Blade Length (in.).....	<b>3.5</b>
Overall Length (in.).....	<b>32.5</b>

# HA-2910

## HEDGE SHEAR

Hedge shear with wave blade design for precision shaping of hedges and foliage.

- Gear technology increases cutting power by 3x
- Low-friction coated blades prevent corrosion while providing smooth cuts
- High carbon steel for superior blade durability
- Lightweight, long-reach, heavy-duty aluminum alloy handles

Cutting Capacity (in.).....	<b>.375</b>
Blade Type.....	<b>High Carbon Content</b>
Blade Length (in.).....	<b>9</b>
Overall Length (in.).....	<b>26</b>

# HA-1005

## SPLITTING WEDGE

Splitting wedge for splitting logs for firewood.

- Sharpened and ready for use
- Tapered cutting edge for efficient splitting
- Striking face is intended for driving splitting wedge
- 60 degree bevel head maximizes force and splitting capability

Weight (lbs.).....	<b>5</b>
--------------------	----------

# HA-1142

## HATCHET

Hatchet for smaller cutting applications, kindling or use in tight spaces.

- Factory-sharpened blade cutting edge is hardened and tempered for superior cutting performance
- High carbon steel blade provides superior strength
- Oil-rubbed finish on blade eliminates oxidation
- Premium end-grain handle orientation for maximum strength and durability

Weight (lbs.).....	<b>2</b>
Blade Type.....	<b>High Carbon Content</b>
Handle Length (in.).....	<b>14</b>
Handle Material.....	<b>Low-moisture Hickory</b>

# HA-1282

## LIMBING AXE

Limbing axe for branch limbing or tree root removal where a chainsaw shouldn't be used.

- Factory-sharpened blade cutting edge is hardened and tempered for superior cutting performance
- High carbon steel blade provides superior strength
- Oil-rubbed finish on blade eliminates oxidation
- Premium end-grain handle orientation for maximum strength and durability

Weight (lbs.).....	<b>2.25</b>
Blade Type.....	<b>High Carbon Content</b>
Handle Length (in.).....	<b>28</b>
Handle Material.....	<b>Low-moisture Hickory</b>

## HA-1363

### FELLING AXE

Felling axe with heavier head and longer handle for felling trees or tree root removal.

- Factory-sharpened blade cutting edge is hardened and tempered for superior cutting performance
- High carbon steel blade provides superior strength
- Oil-rubbed finish on blade eliminates oxidation
- Premium end-grain handle orientation for maximum strength and durability

Weight (lbs.) .....	<b>3.5</b>
Blade Type .....	<b>High Carbon Content</b>
Handle Length (in.) .....	<b>36</b>
Handle Material .....	<b>Low-moisture Hickory</b>

## HA-1366

### SPLITTING MAUL

Splitting maul for splitting logs into firewood.

- Factory-sharpened blade cutting edge is hardened and tempered for superior cutting performance
- High carbon steel blade provides superior strength
- Oil-rubbed finish on blade eliminates oxidation
- Premium end-grain handle orientation for maximum strength and durability

Weight (lbs.) .....	<b>6</b>
Blade Type .....	<b>High Carbon Content</b>
Handle Length (in.) .....	<b>36</b>
Handle Material .....	<b>Low-moisture Hickory</b>

## ECHO ACCESSORIES

### RED ARMOR® BLADE CLEANER AND LUBRICANT

Get rid of what's collected along your blade. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

**Part#:** 4550012 - 12 fl. oz. bottle

### Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for a secure fit.

- Part #:** 103942194 (M)
- Part #:** 103942196 (L)
- Part #:** 103942197 (XL)

### Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for a secure fit.

- Part #:** 103942195 (M)
- Part #:** 103942198 (L)
- Part #:** 103942199 (XL)

### Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

**Part #:** 103942074
